

ABC's of ATC

Using proper communication techniques and phraseology is crucial in efficient, accurate and safe communications. This seminar will refresh your radio communications skills and refresh your knowledge of airport signs and markings. What is a movement area? When must I read-back instructions? When can I cross the runway? Air traffic controller and CFI, Al Hubler will guide you to an incident free flight. Please click on the link below to register for this exciting event!

Directions: Please see map link for directions, seminar will be held in the Airport Terminal Building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
